May Programming

How To Save Monarch Butterflies & Early Sign-up for Summer Reading
Wednesday, May 24 at 2:00 pm

Join us for a special spring family program with children's author Bev Davis. Bev is the author of the book *Winging It - A Monarch Love Story* based on a true story that focuses on saving endangered Monarch butterflies. It was written as a love letter to Monarch butterflies as they face enormous challenges today because of their diminishing food source—milkweed. The program will teach us how we can help monarch butterflies while incorporating resilience, patience, beauty, and kindness. **Wednesday, May 24** is an Early Release Day so we'll have this special program and the opportunity to sign up for our Summer Reading Program! This year's Summer Reading theme is **All Together Now**. We'll have prizes for everyone that signs up. This spring program is an exciting opportunity to get a head start on summer reading.
