Knit or Crochet a Purple Infant Hat and Help Prevent Shaken Baby Syndrome

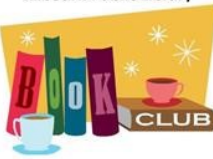

Join us for a special event on **Monday, July 31** at the Frank Fischer Senior Center in Lake Delton. This special event is from **10:00 am to 3:00 pm**. We will be knitting and crocheting purple infant hats as part of **CLICK for Babies**. The purple hats raise awareness of purple crying, the frustrating inconsolable crying phase that many infants aged two weeks to four months go through. The National Center on Shaken Baby Syndrome has found this period to be a trigger for shaken baby syndrome. The purple hat campaign is being launched to help parents understand that this is a natural phase in their child's life. The purple hats will be distributed to families with infants to promote the *Period of Purple Crying Program*.

If you already know how to knit or crochet please join us and bring your knitting needles and crochet hooks. If you don't know how to knit or crochet we will have supplies and experts to help you learn.

Kilbourn Public Library

This July's Book Club selection is *Stiff: The Curious Lives of Human Cadavers*. This book by Mary Roach chronicles the compelling, and sometimes very humorous, use of the human body after one has passed on. For over two-thousand years, cadavers have been involved in some of science's greatest, and sometimes strangest, undertakings.

The book club will be meeting on **Wednesday, July 26 at 1:30 pm** and **Monday, July 31 at 6:30 pm at the library**. If you can't make it to any of our discussions, join the discussion online on our book club blog at www.kplbookclub.blogspot.com.
